- MEETING OF THE DEPARTMENT OF WIND METAL AND PERCUSSION - Monte Tossal Hall Conservatory

## APRIL

OBOE COURSE. Professor Arie van der Beek

We have spread the NOE project through Professor ARIE VAN DER BEEK at the LUCA School of Arts, Campus Lemmensinstituut (Belgium) and the orchestra where he works.

They did not know this type of projects for the conservatories, they liked the idea of being able to realize a similar project in its center.

In fact, Professor Van der Beek returns to Alicante in November to work with us for a few days and to learn more about these types of projects.

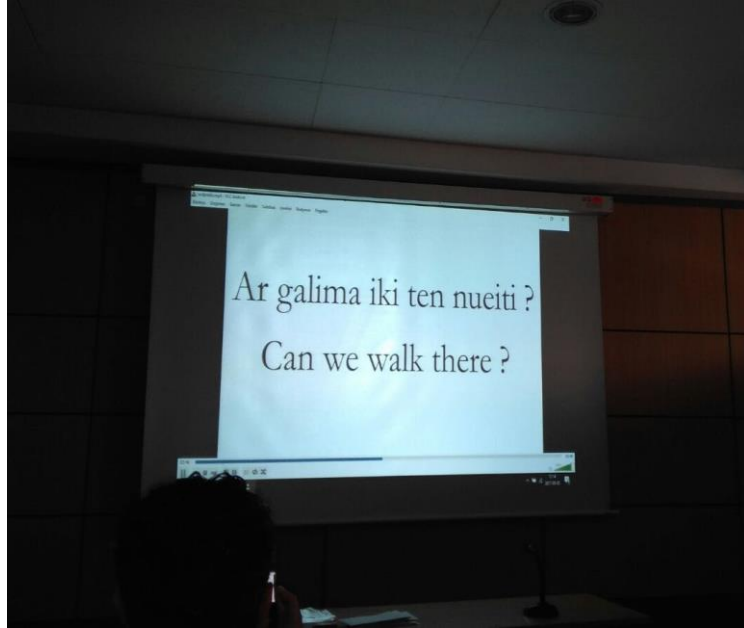

### PREPARATION OF STUDENTS AND TEACHERS FOR THE MOBILITY OF LITHUANIA
